Deanna Cooper Gillingham, RN, CCM, has been a Registered Nurse since 1994 and a Case Manager since 2011, working both complex and transplant case management. She has worked in a variety of clinical settings, including med surg, dialysis, oncology, hospice, SICU, LDRP, L&D, and GI Lab. She has also worked as a travel nurse, agency nurse, and patient service representative. She is a contributing author in New York Times Bestselling Author Joel CommÃ¢â ¬â„¢s book, So What Do You Do? Vol 2 (Morgan James Publishing, 2014). She also authored CCM Certification Made Easy: Your Guide to Passing the Certified Case Manager Exam. Deanna has a website and blog at CaseManagementStudyGuide.com, where she has helped countless Case Managers pass the CCM exam. Deanna is the mother to four amazing children, whom she homeschooled for many years. She enjoys spending time with her family and friends, traveling, learning new things, reading, helping others and the beach.

This book is wonderful to prepare for the CCM test! Deanna has worked hard to make this process smoother and less stressful for those studying for this test. She also follows up with you and ensures that you have all the materials you need to pass this exam- including a Facebook page with practice questions and a workbook that follows the book. Thank you, Deanna for all your help!Update: 10/19/16: I received the email today letting me know I passed the exam. This book, Deanna’s study guide, the Facebook group, and the list of terms on the CCMC are the ONLY

resources I used. And that's all I needed to pass. Thank you, Deanna!!

If you are preparing to take the CCM exam then Deanna's Books are all you need!!!UPDATE: Deanna's books, study guides and know how to apply the vocabulary. That is ALL you need to pass the CCM. Yes. I PASSED !!!

This is a must have book to get. I highly recommend this. You don't just get the book you get so many other resources provided to you. The resources were above my expectations. It has everything you need to pass the certification as well as large print for easy reading. The big pro is that Deanna gets in contact with you and provides a support system that is unbelievable.

This is an awesome study guide, but the author is an incredible woman! She sends email with photos advice and other study material. You have to buy this book!!!!!

This book is not only helpful in passing the CCM exam, but it also gives you a solid foundation on the role of a nurse case manager. The book flows well and is an easy read. I would suggest reading it completely and then going over the chapters for areas of difficulty (the way the subjects are divided allows for it to be individualized to fit your needs). I also read the glossary of terms from the CCMC website to get an idea on the glossary terms they expect you to know.

I bought this book because Deanna is an RN who passed the CCM. This book is amazing, easy to read and the format is concise and easy to follow. After purchasing the book, Deanna sent me the workbook that goes right along with the book, making studying user friendly. Even though I have not taken my CCM exam, I feel that this book is preparing me so I can pass the test! I encourage everyone to consider purchasing this book.

I just took the CCM exam, and received a preliminary pass. The only thing I did was read this book.I found this guide to be relevant to the exam, easy to read and understand, and a great refresher on a wide variety of case management topics. I would recommend this book to anyone looking to take the CCM,

I passed my CCM exam because of this book!! Based on the content provided in the CCM guideline, this book summarizes the info in easy to understand format. Other books I used provided

WAY too much info not required on the exam.
