Those players all had the right combination of skill, athleticism, popularity, charisma, and the will to win that made them successful superstars in their eras. He has carved his name as the leader of a Houston Rockets franchise that is trying to relive the glory days of the 90Ã¢â ¬â„¢s.Tags: james harden, russell westbrook, kevin durant, lebron james, stephen curry, dwight howard, kobe bryant, anthony davis, chris paul, carmelo anthony

Very good book would definitely recommend!Is a short good read for anyone who likes basketball!Very detailed wit many fact I did not know

Being a huge NBA and Houston Rockets fan, IÃƒÂ¢Ã â ¬Ã â„¢ve also been a fan of James Harden since the Rockets picked him up from Oklahoma City. IÃƒÂ¢Ã â ¬Ã â„¢d been vaguely aware of him since his college days but didnÃƒÂ¢Ã â ¬Ã â„¢t really know much about him until he moved to Houston.Since coming to Houston, Harden has rapidly become one of my favorite players. IÃƒÂ¢Ã â ¬Ã â„¢ve always had a soft spot for the underdog and Harden has had to fight

all his life to get to where he is now. And of course, thereÃƒÂ¢Ã â ¬Ã â„¢s the BEARD!Clayton GeoffreysÃƒÂ¢Ã â ¬Ã â„¢ book is an excellent biography of James HardenÃƒÂ¢Ã â ¬Ã â„¢s life and achievements to date. It is well researched and well written, containing a lot of details I was previously unaware of. Mr Geoffreys has a number of other books on NBA stars.
IÃƒÂ¢Ã â ¬Ã â„¢ve already bought his book on Tim Duncan. IÃƒÂ¢Ã â ¬Ã â„¢ve just started reading it and it looks to be just as good as this one.Highly recommended!

James Harden: The Inspiring Story of One of Basketball's Premier Shooting Guards (Basketball Biography Books) is a must-read for anyone looking to know more about James Harden or generally interested in basketball. It is a short read, but it's thoroughly overflowing with good content, solid facts, and plenty of details. The author takes you on a journey through Harden's life from early childhood to high school and college. Then he tells about the athlete's NBA career and also includes details about his personal life. At the end of the book, the author talks about Harden's influence on the sport and deliberates the basketball players legacy, future, and expectations.The author's writing was skillful, as well as, clear and concise. It was well-edited and free from distracting grammatical errors that detract from the overall value of the book.This was a very pleasant read. If youÃƒÂ¢Ã â ¬Ã â„¢re a fan of basketball, and even if you arenÃƒÂ¢Ã â ¬Ã â„¢t, I really recommend this book for anyone wanting to gain more knowledge and inspiration.

I've always enjoyed reading biographies and was thrilled when I received this book as a gift from a friend. I've been a basketball fan for as long as I can remember, and this book gave me a new insight into both the sport and James Harden. I really enjoyed finding out more about how James became the legend he is today, and Clayton Geoffreys has done a phenomenal job of capturing the reader's attention. I'm looking forward to reading his other books and learning more about the sports heroes of today.

I'm very fascinated at how nba players turned out how they are today. This book shows how James Harden was a normal kid who had a love for basketball and ended up as one of the most famous nba players. This is another example that shows any kid can live their dream.

This book was pretty interesting but could have added a few more details.

I love it when you talked about james hardens beard because I like how they joke around with his
