Customer Reviews

This guide is very helpful for the novice stitched or someone wanting to venture into needlepoint from other mediums. Susan explains clearly the ins and outs of working with canvas and my favorite part is the "why". I will use this reference a good deal in the future and now understand the pitfalls of shortcuts!

Frequently asked questions regarding canvas needlepoint are answered clearly and concisely. It is a welcome addition to my needlepoint books.

Well done Susan! If you are new to needlepoint, this is a good fundamental explanation of any aspects of needlepoint.
