Customer Reviews

This book is amazing. A classic for everyone’s libraries. Its a shift change in your thought about what God is and how he works. It’s not what you might think. Highly recommended, it’s a game changer and a life changer-challengiing your current concepts and your willingness to think on a more absolute level. I’ll never be the same! And I’ll never despair over anything again. I know that sounds a little "polly-anna ish" but the book virtually unlocked my concept of God’s actual presence and power and operation in our lives, and gives you the peace of mind to know how to handle

anything, and broadened my concept of God bigtime, to a degree that I never thought possible. Deeply insightful! Can say enough about it.

Lovely inspiration to be found here. It is wonderful to see the excellent formatting for Kindle that lets you highlight and bookmark easily.

This is the authorized edition of Mary Baker Eddy's writing and it is a wonderful book for those seeking truth.

Either the previous reviewer was mistaken or the problem he described has been fixed. I was delighted to find this collection of writings available on kindle with all its search features etc. Such a treat to be able to read articles and other pieces written by Eddy real time as she overcame many obstacles to establish a worldwide religion that has helped so many, including me, to live happier, healthier, and holier lives.

A seeker of the truth about Christian Science's founder should read this book. It really helps one understand the profound love and compassion of this Church's leader. Mary Baker Eddy was one of the most important women in History.

I sincerely hope no one else will be fooled by the title of this offering. It is instead the manual of the mother church by mary baker eddy. I will purchase the excellent book that is titled when it is the real one.
