We were in a pinch with our daughter’s first snare competition, we found out just two days before that Saturday that she needed "original" music.I called all around town looking for this book but no one had it in stock. Found it on and ordered it with overnight shipping on Thursday morning. The delivery notes said it would be delivered on Monday... I was so disappointed and did not know what I was going to do then low and behold it showed up Friday... I was ecstatic!!!!

good book for snare drum solos. Excellent variety and show off pieces.

My local music store did not have this in stock for one of my students who needed it asap for a solo festival. Instead of ordering it through them and waiting, I ordered it from in the car after I left. It arrived in two days with prime shipping. Awesome!

Strted teaching an elementary student snare drum and love the progression of these solos.I highly recommend this for elementary drum studies.

just what I asked for
