Customer Reviews

It’s not often I go on and on about a cookbook. But, I found myself highlighting nearly every recipe.. and my mouth watered the entire time I read the book in it’s entirety. So many dishes that I want to try in the near future. I loved that the author collected some of the best recipes from various German restaurants all over the USA and world.A pure culinary delight! A must have cookbook for any serious cook. If you love German cooking.. this book needs some space in your cookbook collection. Five stars.. I’d give it more if I could! The index, the recipes, the stories.. it’s all there.. and written in clear, easy language.A KEEPER!!! I suspect, I will soon need a paper copy. As there are so many recipes that I want to try!

Wow what a disapoinment! The recipes looked great but the kindle version doesn’t include all of the actual amounts for the ingredients. You can’t make something without knowing how much flour, sugar to use.
