Hasbro

Contents:1) Meet the Autobots2) Meet the Decepticons3) I Am Optimus Prime4) Rise of the Decepticons5) The Lost Autobot6) Optimus Prime's Friends and FoesThe names of the books weren't in the description when I ordered, glad I didn't purchase the recommended add-ons, as some of them are actually in this anthology. As far as the book goes, it's well printed and if you (or your little guy/gal) like Transformers, you'll like the book.

I purchased this for my 9 year old on his birthday. With all the devices and technology available, I try to promote reading as much as possible. It certainty makes it easier to do this when its a book about something they love. He was very excited to receive this book and sat for hours going through it.

The drawing are fairly minimalist, the wording barely make sense, and there is less than a single pane of any kind of conflict per story. How are the kids supposed to learn about resolution of conflicts without any conflict?Nevertheless, my 3 year old daughter is more than willing to sit through a reading of it, although it is a little painful to get through.

bought it for my 7 year old and he loves Transformers. Unfortunately, he read it far faster than I expected. It is supposed to be a level 2 reader, but I really felt more like it was a level one reader. Still, he enjoyed it for the short time it took to read the whole thing. Still worth the money.

My 4yo son loves this book. It’s been his favorite book for over a year!!!

Birthday gift for a Great Grandson.

Bought this for my 4 year old grandson. Good quality book - colorful with easy to turn pages. Short sentences that he remembers as he pretends to read the book to me!

Great deal to have multiple stories in one book.
