How long can you stare at another kid from three inches away and not laugh? In "The No Laugh Race," 1 of 19 songs in "The Cat in the Hat Songbook," you get to find out--and the kid who laughs last is the winner. Each song has full piano score by Eugene Poddany, and many have simple guitar chords, too. Whether waltzy, marchish, andante doloroso, or "Ad lib rubato tempo to simulate sneeze," these songs are bound to get the whole family caterwauling--which, as the first song affirms, is "good for tongues, and necks and knees, of people, bees, and chimpanzees." Some of the lyrics are even a teensy bit educational, amid the usual madness: "I Can Figure Figures"

includes such unusual sums as "One plus one minus one is none. None plus none minus none is none." It all adds up to a lot of musical fun. --Richard Farr

Theodor Seuss Geisel (AKA Dr.Seuss) wrote and drew MANY classic children’s books. The Cat in the Hat was written in 1957 along with The Grinch - both are illustrated by him as well. He once claimed he never wrote stories with a moral but I find that many of his books do have a moral - not sure why he said he didn’t.I remember both books as a youngster as they went way beyond See Dick Run, etc. I have a ’gift’ for reading - I was reading Mark Twain in the 3rd grade and was tested at a high school Senior level as a 5th grader. As an 7th grader I tested as a college graduate in reading. The funny thing is I can’t spell worth a crap - I finally resorted to just memorizing the words in the early grades as I just could not sound them out. I was once told that I - somehow - learned to read a whole paragraph at a time instead of individual words. As a high school senior I was tested at 1600 to 1800 words a minute (I was told the average person reads more 200 to 300 words a minute at that time).But I loved Dr. Suess books - I believe all kids love them - my daughter learned to read from us reading the book 2 or 3 times and then expecting her to at least learn to recognize the 1 and 2 letter words (and very quickly she progressed to 3 & 4 letter words - it was quite simply amazing to she her progress!) - she shocked the Kindergarten teacher as she could already read at around the 3rd grade by then. The stories are silly enough that when coupled with the bright colors of the illustrations and a parent helping them along that most kids ’teach’ themselves to read without even realizing it.A BTW - I caught my daughter ’memorizing’ both the text in the stories AND her spelling words. I very quickly got her to stop ’learning’ to spell that way as I didn’t want to suffer the way I have with my horrible spelling. However - the memorizing large amount of text has lead to her being in a movie, some commercials and several plays in college.I bought 2 copies of this book to give (along with The Grinch) to 2 of my wifes relatives who are expecting in a few months. This quite simply a book that all children will benefit from be exposed to.I STRONGLY RECOMMEND THIS BOOK FOR ALL CHILDREN - a rare rating of a perfect 10 from me!!!

I want my money back!!!I bought it as I was on the Kindle version page and it said it had a very high score, almost perfect. When I opened it in my Kindle Paperwhite, it came as 2 pages in 1... impossible to read.I have come back to the page and read the reviews. To my surprise, all reviews are mixed up... not only the Kindle version, but original movie, new movie, someone reading a book (tape recording), original books, fake books, second hand books, books with bubble gums inside or torn pages.What is this? Reviews should be separated to correspond the product you ARE buying. So if I wish to buy the Kindle version I should ONLY see the reviews for the Kindle version and nothing else.I will now contact customer support to get my money back. I have never been so disappointed ÃƒÂ Ã Å¸Ã ËœÃ â • with as last night.Update: Thanks, , for giving me credit (refund) for this purchase! ÃƒÂ Ã Å¸Ã ËœÃ â ¬ÃƒÂ Ã Å¸Ã â ˆÃ Â•ÃƒÂ Ã Å¸Ã Â•Ã Â

My daughter is obsessed with this book, but we have been editing the whole "guns killing spots" aspect of the book a bit, as it seems a bit violent (my God I am getting old). I will say, my little girl was quite disappointed that Thing 1 and Thing 2 didn’t pop up in this one, but little cats A,B,C, etc. eventually won her heart.

I was raised with Dr. Seuss Books, now time for the next generation.Grand-kids love it when I visit and read a book to go to sleep. It is the perfect way to get them to relax, either for nap or bed. Gives nice subject to dream about too.

I remember when I was a little girl and I had a subscription to the Dr Seuss books, they are amazing and I loved them. I bought this one for my great grandson and I am sure he will love them as much as I did. I got the hard cover book because they last so long and my granddaughter can keep them and read to all her children and they can read to her when they start reading. All of the Dr. Seuss books are great

My adult daughter with learning disabilities is thrilled to rediscover this book from her childhood. After seeing a wonderful dramatic performance (dance and song) of this story now spends hours reading this book and is thrilled with revisiting The Cat in the Hat!!

I am glad to have purchased a copy of this book for my 2 kindergarten boys. This book is a great example of rhyming word families and high frequency words. The story itself will keep their attention, and I look forward to putting in a lot of enthusiasm when reading this book to them!I have

a whole week of lessons for word families, rhyming, sight words, crafts, and even a few math activities to do along with this book. I am super excited to get started!

This was a gift for my 7 year old granddaughter. They were celebrating Dr Seuss's birthday at school all week. She enjoyed being to read each book being featured at school
