I love love love this Bible study! It has plenty of review, variety of activity, and is biblically sound. My youngest (1st grade emerging reader) needs extra time with each lesson so we simply set a time that we start and finish and go as far as we can focusing on understanding and retention of the truth vs trying to get through it in one day. My older kids (4th and 6th grade) have no trouble completing one lesson each day. The teacher review book is helpful.

It was good and showed prophecy and was a great link to revelation. We used this book as our Bible class book for home schooling.

She is a really good author and these bible studies for kids are great. The book arrived just as promised and came in quickly.
