The perfect book to read before going to the Big Island! I love this book and learned so much from it. We were so prepared during this trip and knew exactly what we wanted to do. Reading this book helped make our dream vacation come true! Highly recommend reading this before you go!

Very informative and written perfectly for the very leisurely to adventure seeking traveler. I have not yet made my visit to the Big Island (Leaving soon) upon my return I will submit additional info. I have emailed the author and he responded promptly, he was very helpful and looking forward to me contacting him after my trip.

This is the third book on Hawaii I have purchased to plan trips. It was recommended by my son who lives in Maui as the best book for those who are not local. Well written, easy to find information and the information was accurate and up to date.

You probably can’t go too far wrong with a trip to Hawaii, but we used this book a lot and it made things dramatically easier. Even booked he trip thru their website. Unfortunately the app wasn’t ready so I can’t comment on that
