Synopsis

The battle between the sexes has raged on for centuries; however, are men and women really from different planets? In The Gendered Society Reader, Fifth Edition, coeditors Michael Kimmel and Amy Aronson pull together an array of dynamic voices--both male and female, classic and contemporary--to examine various interpretations of gender. These lively, in-depth readings explore gender discourse over a wide range of disciplines, focusing primarily on two central issues: difference and domination. Carefully balanced to reflect the diversity of its subject, this text addresses provocative and fundamental questions including:* How are males and females different?* What do these differences mean?* How do various cultures and religions interpret gender?* Why do societies continue to differentiate people on the basis of gender?* Why is it that almost every known society is based on male domination?Michael Kimmel’s textbook, The Gendered Society, Fifth Edition (OUP, 2013), provides a perfect complement for classroom use.

Michael Kimmel is Distinguished Professor of Sociology at Stony Brook University, State University of New York. A leading researcher and writer on gender and men and masculinity, he is the author of numerous books and articles including The Gendered Society, Fifth Edition (OUP, 2013), Guyland: The Perilous World Where Boys Become Men (2009), and Manhood in America: A Cultural History, Third Edition (OUP, 2012).Amy Aronson is Professor of Media Studies at Fordham University. She is the author of Taking Liberties: Early American Women’s Magazines and Their Readers (2002) and the coeditor, with Michael Kimmel, of Men and Masculinities: A Social, Cultural,

and Historical Encyclopedia (2004).

I ordered The Gendered Society Reader 5th Edition, and I simply got the 5th Edition of the Gendered society. Same author, different articles. Not acceptable for class and now I am way behind on readings. Not even the same book in the picture! Very disappointed and out $63.

Great book.

This is a great book full of interesting articles, many of which are written in a way different, more relaxed way than most articles would be for a college-level class. The articles hold varying views, allowing for a bit of something for everyone.

Good price

Great

Love it!!!

This book is one of the better book that I have read for my socology classes that I am taking this semster
