I love this dictionary but is is NOT mobile friendly. I couldnt find a way to get to contents or even an alphabet. Fix that and I would be rating it 4.5. The paperback i have is still my favorite!

Great dictionary it list all of Antiochus the Egyptians are black and much more it also tells you the hebrew word for every word definition nice dictionary to get dont let it pass you by cheap and worth it

Want to know about how Hebrews could become slaves to each other? Or exactly what the ancient Holy Days were all about? How about the various foods, plants, clothing and jewelry mentioned in

the Old Testament? Smith's, the quintessential Bible dictionary, will add a context to your in depth Bible study that will cement imagery in your head that will make your studies more productive and your memories more vivid and long-lasting. And when it comes to the Bible, context is everything. We are so far removed from our religious ancestors in time and culture that to rely simply on the Bible text is to fail to understand those wonderful people.

A very informative and helpful Bible Dictionary. This is my 3rd purchase of it for gifts also.

Simple and easy to use. Some bible dictionaries are for scholars and no one else. Smiths is for everyone else. Thanks

Wonderful resource.

I think this dictionary is okay for beginners and those reaching intermediate in their biblical studies...I was looking for a more in depth dictionary and more words covered than the 'Smith Bible Dictionary' offers....It does have a lot of drawings (black and white) that some may feel are helpful....

Great. Informative. Great purchase.
