Synopsis

The last twenty yards before the goal-in football that’s the Red Zone, the place where the team with the ball is so close to the goal that they have a good chance to score. During a spiritual journey, being in the Red Zone means God has already drawn an individual down life’s field to a place where he’s ready to enter into a personal relationship with Jesus. Using dramatic stories (his own and others), Kent Tucker shows Christians how to identify someone who wants to hear about Jesus. Then, Tucker equips believers with what to say to help him enter into a personal relationship with Jesus and follow up afterward. "Biblical Coaching Sessions," throughout the book, show how Red Zone Evangelism (RZE) is an age-old game plan first used by Jesus, then Paul and others. Quotes from legendary coaches and players (Joe Gibbs, John Wooden, Tim Tebow, and others) keep the book dynamic and make the concepts easy to understand. Insights from spiritual leaders (Rebecca Pippert, Lee Strobel, Bill Hybels and more) heighten the action for these RZE strategies.
Step-by-step In the Red Zone generates a sense of urgency and builds the confidence of readers to share their faith in an effective way that will produce eternal rewards. Discussion questions at the end of each chapter, by creative outreach strategist Garry Poole, make this book a powerful resource for pastors and small group leaders, as well as for personal reflection.

When I took Pastor Kent’s class and learned to minister using the bridge diagram four years ago, one of the assignments was to practice. At the time we had a family living with us and I sensed the

spirit encouraging me to share with the 22 year old son. He acknowledged that he was a believer as I fulfilled my assignment. Little did I know that he would be dead less than a month later due to a tragic motorcycle accident. Pastor Kent is one of the most kind, loving, and humble men I have ever met, yet when it comes to sharing his faith, he is bold and intentional. Pastor Kent is a one on one evangelist, and he shares that experience and many testimonies in this book. He teaches how to find out when people are ready and makes it easy to lead people to Jesus. You will get to partner with God in an honoring way as you equip yourself with the perspective and tools of my friend Kent Tucker.

Being a Christian is all about me sharing my relationship with Jesus. How, why, what I do to get closer to the Lord. This book details how to in a non threatening way that anyone can understand.

The statements made by the reviewers in the introduction to the book are right on target. The book not only provides diagrams, key words, questions and strategies for guiding people who are "In the Red Zone", but it also makes one confident that you can help move people toward the Lord, as well as encouraging one to be eager to do so.

Kent Tucker has a God inspired approach for sharing the gospel. Don’t just read it.....apply it. The Lord will use this.

Move a heart in alignment with God’s heart and our future conversations will discover the absolute amazing activities of people in the "Red Zone" of their journey. And yes we are invited to be part of this incredible activity of God.

This is a good, easy read and a great tool for Christians to use in sharing their faith and helping others to cross the line to salvation. Love it and plan to use it!

The Game Plan on how to share your faith explain by Kent Tucker in the Red Zone is simple , powerful and Holy Spirit inspired.It will SAVE LIVES !!!
