Customer Reviews

I think it is the right book for my initial keyboard level. I am progressing slowly, but optimistic to improve within a year at least. I use the book accompanied by YouTube Alfred’s series of videos..

Thank you.

Great books, great series.

My daughter has really enjoyed these books. She spends lots of time using them to continue growing and becoming more and more advanced.

Highly recommended for young beginners. The arrangements are very nice and simple enough to make my students want to practice longer.

Thanks++++

Great beginning piano lessons for young kids
