a lot of hints and information for a beginner.

Great book!

This book is helpful for acrylics as well as oils. Dorothy Dents are the best that I have bought! Have painted for 40 years, always good to have another perspective! Will purchase again!!

GOOD

This book is very helpful for those who are beginner painters. Lots of variety in the pictures gave me the practice I need. I only wish that the brushes used would have been compared to other brands. I have so many brushes and didn't want to buy any more. Just had some trouble matching them up with Ms Dent's. I would recommend this to a fellow artist.

I enjoy the country scenes and the different ways to paint them. If I can paint half as bad as the books, it'll be great!

I LOVE Dorothy Dent's teaching style. Lots of pictures to guide you through the steps. Easy to follow instructions. I like the way she displays the paint colors needed for the project, so there's no confusion with the paint names.

I had this book before and it was lost I love the drawings so you can just trace them on your paper or canvas. Dorothy Dent books are used in many teaching classes. I started to buy them because of a teacher I had.
