Synopsis

What happens when a man you've always hated turns out to be the one who saves you, risking his own life to rescue you from certain death? Lines are blurred. Everything you've always thought was true isn't quite so clear anymore. I've always hated Marcus Colter. I have since high school. We antagonize each other every time we meet, and I thought our dislike was mutual, until he ends up saving my life on a suicide mission to rescue me from my captors, men who would have killed me if not for Marcus. Everything that happens after that successful, crazy, and dangerous mission confuses me. Turns out, not only is Marcus incredibly brave, but he also has a gruff kindness that I never knew existed. His quiet strength sees me through my pain and fear after he pulls me out of the danger zone. I'm not sure what to think of Marcus Colter anymore. He's still the bossy alpha male who drives me crazy, but I eventually discover that there's so much more to Marcus than what's on the surface. Apparently, I've never known the real Marcus Colter.

Customer Reviews

enjoyed the book. the story's characters were strong and had a good background. By the 4th chapter I had figured out what Dani was up to. Mostly felt it was a prelude to her next story in the series involving Jett and Ruby. Time line was a little flawed.... the end of Blake's story had Harper pregnant just after Dani was rescued and in this book it was brought up in the epilogue at least a year later....My most disappointment in the book was it was ANOTHER 40% book. It contained another book by another author which I haven't decided if I am going to read. Would have much rather had another of JS Scott's Temptation Saga than a book by another author.In conclusion, I

enjoyed Marcus and Dani's story but it could have been better, as I said I had it figured out early and the Greg problem was solved rather quickly. Paying $3.99 was better than paying $6.99 for one of her books.

I usually read the books in this series and the Sutherlin-Sinclair series in one or two sessions - not this one or the one just before this book. The story begins with our hero Marcus who is Danica's sister's brother-in-law saving Danica from rebels who have kept her captive while beating and raping her for two years. The first thing Marcus did when Danica was safe was kiss her passionately which I thought was inappropriate. I'm looking for more story and less sex in the Billionaire's Obsession books. I've pre-ordered two of Ms Scott's books so I'm not giving up on either series and I'm anxious to read Xander's story.

Two people, their jobs taking them to countries unsettled. Dani ended up kidnapped by some bad people in a foreign country, only to find out these people were ruthless, uncaring, no intention of letting her go. Marcus was approached by her sister and the retrieval process was started. Read on to see how and if Marcus and his crew got Dani out, and what becomes of their story afterwards. Quite an enlightening story. Loved iyÃƒÂ Ã Å¸Ã â™Ã Å

Love love this book, I couldn't put it down! Marcus is alpha male but Danica is the only woman that breaks down his defenses and allows him to be warm, caring, want to settle down and be close to his family again. Danica has been violated in the worst way but she feels safe and protected with Marcus. She sees his kind heart.He brings the strong, papassionate woman out of her. This book reminds us that with the love of the right man a woman can heal. They are the ultimate soulmates.

Marcus and Dani were birds of the same flock. Their feelings for each other were right there under the surface for many years. Tragedy brought them together at last. I expected a longer story but satisfied with what was presented. Readers beware, their story is only 40% of the book.

Couldn't understand why the story was so short and ended at 40%? Also, the timelines were a bit off... overall it was ok should've waited instead of getting it right away. Wasn't all I expected it to be.

I loved the book! I felt that she rushed threw their story instead of taking her time like the rest of the books in the series. And I wish it was one of her own books that came with the purchase instead of

someone else that I probably won't even read. I hope Jett story is longer and better since she didn't mention much of him in Marcus and Dani story.

Danica is perfect for Marcus. Great story. There is mystery, romance, and suspense, everything in a great story. Love this author and all of her books.
