Customer Reviews

Mary Engelbreit's aphorisms and artwork appear on millions of greeting cards and gift products. Her popularity continues to grow through the success of her books, calendars, home decor, stationery, and crafting lines. Her company is based in St. Louis, Missouri.

I have gotten one of these calendars for the past 5 or 6 years. I love it!!! I even had a friend buy one, because she saw how good mine was. It is the perfect set up for how I like to be organized week by week. There is enough room to write my activities for each day.The 2017 calendar I actually purchased on , and I was able to get it for a lower price.

I found this beautiful calendar at my local big box store last weekend. I was amazed at how beautiful the color images are in it. I had picked up ME’s coloring weekly calendar and was a little disappointed at the artwork in it (though her coloring books are fantastic) but this calendar is exactly

what I hoped for even though the images are printed in full color.I will use this throughout the coming year as my desk calendar. At the end of the year, I will use it for crafts. My husband and I make wood jigsaw puzzles (bonding prints to thin plywood then using a jigsaw to cut it into little shapes) and this calendar will be perfect for making small puzzles for the grandkids to play with.The calendar is printed on thick, glossy pages and it held together with a spiral binding for easy in turning the pages. There is a quick look year and monthly calendar on the first few pages. It then becomes a weekly calendar with room for small notes on each day of the week (Saturday and Sunday as well). The weekly calendar is on the right hand side and the illustration and is on the left hand side. In addition to the beautiful prints each week, there is also an inspiring quote printed on the page below the print. It's a perfect way to keep positive when work starts to drag me down.

This weekly planner is larger than I expected, it isn't what I wanted. I wanted something small so when I go to the doctor's office, I could useto schedule my next appointment, but I will be leaving this one home. This looks like a book.

This is a product I purchase every year. I would prefer the dates read horizontal (west to east, left to right) but these read north to south. I'm used to it now but if they changed it to read north to south I would like be happier.

I just realized this is my 9th year to purchase this weekly planner. I use it almost daily and would be lost without it. Please do not stop making these! The pictures and sayings brighten my day. I love Mary Engelbreit's art work.

These are wonderful. God love ME's artful soul! No human picks me up, makes me smile or gets my butt moving better than she does. I keep this on my kitchen counter/bar to write quick short descriptives about my day. No room for much but room for enuf reminders as to what is up or what I did any given day for refecting on later.

Been buying this calendar for several years now and I always enjoy the art and sayings. It is perfect for my needs!

MARY ENGLEBRET has been a favorite of mine for years; mugs, decorations, etc. What a stress relief, it's great and I'm coloring then framing for gifts! Wish I could upload one of my fabulous art

projects. Thank you!
