Synopsis

How to Take Care of Your Rabbit Have you been thinking about adopting a little furry friend? Perhaps a rabbit, but you’re not sure if this pet is right for you, and if it is, how to take care of it. Before you make any decision, probably based on cuteness of animal, take a moment to read up on whether or not this particular animal is a good match for your lifestyle and family, if applicable.What do I need to know? While you could search the internet for the information you’re looking for, you won’t always find the right information. Plus, the internet is a huge place; it can be intimidating. Luckily for you, this book is convenient, and provides a ton of information on what rabbits need. All of our eBook is formatted in an easy to read way and is based off of our own personal experience and expertise with rabbits, including former owners’ input as well. In our book, we will talk about subjects such as:-the many types of rabbits you can buy-what kind of food rabbits need depending on their health-what to include in your rabbit’s habitat like bedding, toys, and nick-nacksand-certain health issues with rabbits and how to prevent them appropriatelyWith so many different types of furry critters out their, it’s hard to pick one as your new companion. This guide is perfect for any sort of rabbit, or soon to be, owner. Students, professionals, parents alike, anyone can follow and appreciate this eBook. You may even discover this domestic animal isn’t right for you, either way, you need to know the facts and make the decision for yourself. In this book, we will help you in making an informed decision on whether or not a rabbit is right for you, and how to take care of it once you get one. Have a happy, healthy, fulfilling relationship with your new pet! Recommended Reading The Rabbit Handbook (Barron’s Pet Handbooks) by Karen Parker D.V.M. Customer Reviews

This book tells you everything you need to know about how to care for rabbits but nothing you don't already know unless you've never ever taken care is rabbit. Although this book is helpful it is very poorly written and a lot of words are mistyped so some things you won't understand.

Though this book was somewhat helpful, it never went into specifics. I have researched rabbits and found way more useful books. This book was ultimately very vague. Not worth almost three dollars. Also the over abundance of spelling and grammar errors made reading rather irritating.

I thought it was ok. It was written more for a child. The book also had alot of mistakes in it. Someone didn't prove read it before it was sent to be published. I also would have liked to see more info on different types of rabbits.

It helps it's just that it pretty much just has the stuff that you obviously have to do like feeding it and giving it water and cleaning it's cage it doesn't have a lot of information

Wonderful book for reminders and beginners I would really recommend it if you just got a rabbit recently .Really great tips too!

a little hard to understand.

I was looking for info on taking care of a rabbit and I got that now I even know what not to do

I would recommend this book for someone interested in getting a rabbit as a house pet. Contains basic information that would help someone decide if they wanted one as a house pet.
