Synopsis

(Ukulele Chord Songbook). This series features collections with complete lyrics and chord symbols for dozens of great songs. Each song also includes chord grids at the top of every page and the first notes of the melody for easy reference. These books are perfect for people who don’t read music but want to strum chords and sing, and are equally ideal for more advanced, music-reading ukulele players who don’t feel like wading through note-for-note notation. This compilation features 80 beloved tunes: Alphabet Song * The Bare Necessities * "C" Is for Cookie * Do-Re-Mi * Frere Jacques (Are You Sleeping?) * I’m Popeye the Sailor Man * John Jacob Jingleheimer Schmidt * Mickey Mouse March * Oh! Susanna * Polly Wolly Doodle * Puff the Magic Dragon * The Rainbow Connection * Sing * A Spoonful of Sugar * Three Blind Mice * Won’t You Be My Neighbor? * and scores more!

Customer Reviews

Great selection of kids songs, easily understood by a novice like myself. It’s the only way I’d be motivated to learn the uke is if I learned it for my kids! They love the songs. Tip: get it rebound at the

office store and make it spiral bound, it's much easier to flip through the pages and play, it only costs a few dollars to rebind the book.

I guess this anthology is alright, but I wonder sometimes about the selection---what was chosen and what was omitted. I wanted a lot more kindergarten songs. There are just tons that are being ignored (How much is that doggie in the window?) It is a handy size, but a bit stiff to keep open with something to hold it down. I guess it will get more pliable as we use it. I don't mind chord or words. Also, gives a notion of the tune and all the chords that will be used in the song. This is good. For some of the more upper elementary selections I'm going to have to go online to fine them.

Playing songs for my kids was the motivation I needed to practice my guitar skills. I transferred this logic to the ukulele, which I've been playing along with this song book. It has the chord shapes on the page which makes this a no-brainer for the beginner. The songs and chord changes are easy enough.

Lot's of good songs for children.

I like it, wish I knew what the ukulele was supposed to sound like. I need lessons. I thought I could teach myself with all the good books out there. So, it's not the book's fault that I'm clueless? I think it would be a great book to start with.

Maybe it's my fault, but the book is rather small in size; not a regular 8 1/2 x 11 format. The songs are the standard kids' songs we all know. They all have the chords above the lyrics. So-so.

This book has so many great songs, songs we sang when I was in elementary school. I have tab'd so many pages for use in kids club

Bought this for my grand-daughter, and she says she likes it.
