Nice book....good illustrations...bought several of these classic tales. Will enjoy using with grandsons!

Book from childhood. Price excellent and arrived promptly as per usual for prime.

I purchased this book because I enjoyed it going up and I read it to my children. Now I'm a grandma and decided to start reading to my grandchildren and they love it, what surprised me the most is the price of this used (NEW) book, it wasnt used at all and I was able to personalize this book with their names in it so now they smile saying read my book.this was one of many books I've purchased and love so much. I have recommended this to my children for home collections. even their cheap selves can afford this. Thank you soo muchmy grandson loves this one everytime someone fuss he say you ole troll be a billy goat lol. :)

Loved the story - but they changed to make the Troll a bully!

It was just as I remembered. My son loved it as a child and now his little ones are loving it too.

fun book, remember it from when i was a kid!

I bought this to read to my 3 year old at bedtime. The illustrations hold her attention, and she enjoys the story. It's about the right length for a bedtime story. It is slightly PC compared to the story I remember as a child, with the troll, being called a bully and the definition explained. Overall a good book and I will buy more from the series soon.

My son loves this story
