What a great idea to combine learning time with a reader book! My daughter reads this with ease but is learning time...this book seriously fueled her to WANT to learn time.The story is cute and rhyming and you can’t go wrong with the Berenstain Bears ÃƒÂ Ã Å¸Ã â„¢Ã â

7 Year old daughter loves

This is a great book to help children start telling time. My son was 3 years old when he was interested in the clock. Now he is 4.5 years old, he knows how to tell time. This story is also great in that it teaches children that if you do not wake up on time, you will be late!

It was in perfect condition and perfect for what i need it for.....i wanted to give the elementary school my daughter goes to.....the one she checked was all torn up

A fun book for a child to learn about time and the need wake up early.

grand daughter didn't want to finish the book, not sure why

My younger son is obsessed with the school bus, and the older one is learning to tell time, so this story makes everybody happy. It's not one of the better Berenstain Bears stories, but it appears to the little ones.

This one actually also teaches telling time, something I did not know when I bought it. My son enjoyed this one as well. Great idea
