Scrabble Puzzles, Volume 2

This book is helpful, but I actually liked his first puzzle book better. It had more useful tips.

I gave two editions of these puzzles as part of a Christmas gift. As I looked at them prior to wrapping, I almost changed my mind about giving them away. So much fun!

The book was new as advertised. PERFECT!

just what my neighbor wanted. she is eager to put it to the test.i don’t like having to use a specific number of words to revieew

Excellent book excellent transaction

and fast delivery

Scrabble Puzzles Volume 2 is the second in a series of 5 great books, each of which contains

approximately 350 puzzles to be solved.Each page contains a graphic layout of a Scrabble game in progress with three racks to play. For each rack, the author gives a maximum score and 1-4 difficulty stars so the reader can have some expectation of how hard each answer will be to figure out.At first glance, this book seems too advanced for casual Scrabble players, but is great fun for Intermediate to Expert level competitive Scrabble players. After a second look, I notice that Edley includes a "cheat page" of 2 and 3 letter words along with a separate section in the back, not of answers, but of hints. Of course there is a full-blown answer section as well.These puzzles are great on several levels. Firstly, any Scrabble player can peruse the words that have been used on the Scrabble games in progress shown on each page. This is a way to learn some new words without having to solve anything. Next trying to solve the puzzles is a lot of fun, since they often involve creative tricks to get things to fit or make clever extensions. Solving the puzzles is not simply a matter of knowing obnoxiously unusual words like ololiuqui (which is not one of the answers, by the way).The book is well edited, with no notable errors. I have on occasion found a higher scoring answer than the book shows.Overall this is a great little book that provides some fun puzzle solving for Scrabble players from novice to expert!!

Once again, 3-time US Scrabble Champion has produced a book to please Scrabble enthusiasts of all abilities. The puzzles are all based on the Official Scrabble Players Dictionary and the vocabulary and Scrabble knowledge you learn from this series transfer directly to skills needed to compete in Scrabble clubs and Tournaments or on-line at Scrabulous ([..]) or ISC.ro, the popular crossword game sites.
