"I'm a chef first and foremost and all I think about is food, food, food! That said---SERVICE IS INFINITELY MORE IMPORTANT THAN CUISINE. This extraordinary book delivers that message superbly!" Chef & Owner Charlie Trotter Charlie Trotter's

This book had a lot of typos in it. Also, there is no glossary. I find that odd because there are a lot of terms listed in this book that were unfamiliar to me. Some of the information offered was relevant to what we needed to learn about, but overall I wish the book was easier to comprehend and learn from.

Product exactly as stated, text book much cheaper on than at the school book store.

There are far too many typos in the text, mostly in the chapter on beer and wine. Since it is a second edition, you would think they would have corrected them by now! I emailed the professor responsible for comments about the text two months ago: no response.

Not bad at all
