Matthew Harper was born in 1965 and from a young age has always wanted to be an author. Now with the introduction of the internet, CreatespaceÃ¢â ¬â„¢s online integrated support and the

distribution platform of , his dream has become a reality! He started writing books to help people deal with common issues such as Ã¢â ¬Å“Toddler DisciplineÃ¢â ¬Â• and Ã¢â ¬Å“Puppy TrainingÃ¢â ¬Â• but then swiftly moved to the genre of childrenÃ¢â ¬â„¢s books, noticeably quiz books using general knowledge trivia as a means of education for a multitude of different subjects including Golf, Rugby, Soccer, Tennis, American Football and Baseball to name but a few. In addition, he has penned his style on various subject matter such as Monkeys, Bears, Elephants, Whales, Sharks & Dinosaurs, his mission to encourage children to participate using extraordinary facts that the brain can retain rather than paragraphs of blurb that quickly get forgotten. His books have reached thousands, arguably with mixed reviews, but true to his philosophy, Matthew has continued to provide the young with a plethora of interesting facts on an array of interesting topics using his quiz system at the end to check understanding and memory recall. He has always pointed out that this is just for fun and that there are no losers, only winners when it comes to the final tally. His latest focus concentrates on books that are useful to the masses such as Guest Books, Journals and Planners. With nearly a thousand publications to choose from, Matthew continues to provide his customers with a quality item at a reasonable price to ensure that everyone can enjoy his work. He is aware that you cannot please everybody all the time but is committed to improving his brand and takes all the reviews very seriously, both good and bad. He hopes that by doing this, his books will appeal to more people and improve his reputation as a serious author. Never one to rest on his laurels, Matthew is already looking for new material to compete in a completely new and exciting category that he has never tried before. Romantic novels fascinate him and seem to have a huge market following. You only need to look at the success of Ã¢â ¬Å“Fifty Shades of GreyÃ¢â ¬Â• to recognise the potential of a bestseller. His vision is to one day have a movie made about one of his books! Time will tell .....
