good teaching book

don't

I purchased this product for Home Health Aide Inservice training. This is a super product. The CD contains all the information contained in the book. I was able to use the word format and paste into power point to make slides to use for training. It contains the tests also. I like that everything is on the CD and you don't have to copy anything from the book. The only thing I had to do was tweak the

outline a little bit and add how much time I was going to spend on each section (Easy to do since its all electronic). Don’t be decieved by the small amount of pages in the book, this is a full 24 hours of training! Karin RN, BSN, PHN
