Customer Reviews

Good for remedial brush up, I did think it was going to be more extensive. That being said, as with the other review mine is not New as it was sold as. The first 39 pages are yellow highlighted which is reprehensible to pay for new and Get USED!

I thought I bought the book new but it's clearly been use by how the cover looks and some of the

pages are folded... other then that it’s a god good pretty basic for people who don’t really know anything
