Customer Reviews

Be aware that as of December 15, 2014, the Kindle download for this book is incorrect. When purchasing the Kindle title "Preparing Witnesses to Give Effective Testimony, The Attorney's Essential Guide," one actually receives the companion book by the same author(s), "The Better

Witness Handbook," which is written for the witness and not the attorney. I do not have any actual feedback on the content of either book as I returned the download immediately, but there doesn't seem to be any place else to warn others or even to let know of the error (there is no place to comment when returning digital orders).

Part of my trial advocacy library, permanently.
