Synopsis

Algebra can be like a foreign language, but ELEMENTARY ALGEBRA, 5E, gives you the tools and practice you need to fully understand the language of algebra and the "why" behind problem solving. Using Strategy and Why explanations in worked examples and a six-step problem solving strategy, ELEMENTARY ALGEBRA, 5E, will guide you through an integrated learning process that will expand your reasoning abilities as it teaches you how to read, write, and think mathematically. Feel confident about your skills through additional practice in the text and Enhanced WebAssign. With ELEMENTARY ALGEBRA, 5E, algebra will make sense because it is not just about the x...it's also about the WHY.

Book Information

Series: Textbooks Available with Cengage Youbook
Hardcover: 800 pages
Publisher: Brooks Cole; 5th edition (January 1, 2012)
Language: English
ISBN-10: 1111567662
ISBN-13: 978-1111567668
Product Dimensions: 10.9 x 8.8 x 1.3 inches
Shipping Weight: 3.7 pounds (View shipping rates and policies)
Average Customer Review: 3.5 out of 5 stars 28 customer reviews

Customer Reviews

Alan Tussy has taught all levels of developmental mathematics at Citrus College in Glendora, CA. He has written nine math books. An extraordinary author dedicated to his students' success, he is relentlessly meticulous and creative--a visionary who maintains a keen focus on the greatest challenges students face in Mathematics. Alan received his Bachelor of Science degree in Mathematics from University of Redlands and his Master of Science degree in Applied Mathematics from California State University, Los Angeles. He has taught across course and curriculum areas from prealgebra to differential equations. He is currently focusing on teaching courses related to Developmental Mathematics. Professor Tussy is a member of the American Mathematical

Association of Two-Year Colleges (AMATYC).R. David Gustafson is Professor Emeritus of Mathematics at Rock Valley College in Illinois and has also taught extensively at Rockford College and Beloit College. He is coauthor of several best-selling mathematics textbooks, including Gustafson/Frisk/Hughes' COLLEGE ALGEBRA, Gustafson/Karr/Massey's BEGINNING ALGEBRA, INTERMEDIATE ALGEBRA, BEGINNING AND INTERMEDIATE ALGEBRA, BEGINNING AND INTERMEDIATE ALGEBRA: A COMBINED APPROACH, and the Tussy/Gustafson and Tussy/Gustafson/Koenig developmental mathematics series. His numerous professional honors include Rock Valley Teacher of the Year and Rockford's Outstanding Educator of the Year. He has been very active in AMATYC as a Midwest Vice-president and has been President of IMACC, AMATYC's Illinois affiliate. He earned a Master of Arts from Rockford College in Illinois, as well as a Master of Science from Northern Illinois University.

The examples in the book were not well formatted, hard to follow. As a suggestion, putting some practice problems on the pages, with the examples, so a student could practice and check their answer, and maybe the answer on the bottom of that page upside down would really be nice. The answer key in the back of this book was a joke!I'm sorry to be so blunt, I'm just saying, I studied hard last semester, tutored, and many hours of homework, but did not pass this class with this book. Last semester I was able to get a "B" in my Pre-Algebra class with the same commitment of study.KW

Just fine

came pretty torn up i feel like the front cover is ready to come off any second, has some writing in it. Other than that i can get my work done.

More used than I expected.

I had made sure that it was the right book when I had ordered it on here, but when I got it it was the elementary and intermediate algebra book. that is not the book that I wanted.

Good book, just way too expensive as with most textbooks.

I recieved a very beat up text book

Great price
