Customer Reviews

Bought this book with some trepidation since reviews for the earlier books hadn’t been very

promising. Since the book was only $2.99, I decided to take a chance, and am so glad I did. Ross writes well, and I like all of her main characters. For a while I thought that Holmes was going to have his Moriarity and Ryan was going to have his nemesis in each book as well. I must admit, however, to being relieved that Ross decided to be done with the "Circle" in this book so that DCI Ryan and his team can move on to other things. I will definitely buy the next book and keep a watch out for forthcoming DCI Ryan books from this author.

Absolutely enjoyable series of police procedurals but less stuffy than most. Love the romance between CSI Ryan and the beautiful Professor with the shapely legs and would like to see more of their relationship. Supporting detectives are strong, supportive and loyal. The very high ranking police officer is a bit unbelievable for me as a former police constable. Nevertheless, this is fiction and very enjoyable. The atmosphere created by the author is most engaging. Cannot wait for book #4 and have already pre-ordered.

I just now finished Heavenfield, the 3rd of LJ Ross' DCI Ryan series. I read it in one day, as I just could not put it aside! Ms. Ross has the ability to craft a mystery in such a way that the reader cannot possibly figure out the solution. Her characters seem real, and the heroes and heroines are imminently likeable. She also has a unique gift of being able to describe landscapes, castles, old churches so as to make you feel that you are actually there! I am so looking forward to the fourth in the series, Angel.I read a of of British crime novels. Two of my favorite writers are Peter James and Peter Robinson. I now add L G Ross to this fine list of writers I will buy in an instant as their new titles are released.

I just couldn't put this book down. DCI Ryan and his team take us for a rollercoaster of a ride. JL Ross's characters follow an amazing storyline from the first book "Holy Island" to "Sycamore Gap" and finally to "Heavenfield". This book is full of description and suspense with an exciting ending. As a mystery reader and lover I can only beg for more.

Again interesting characters and a good setup. Would recommend reading other books between this series. This is more of less an extension of book two.

I really enjoyed reading this book it was very very good and I was sad to think it was the last book and to my surprise I read a new book has been written and look forward to reading it

Enjoyed this series and find it interesting to compare US and UK criminal procedure.

The Circle and the Northumbrian background are offbeat and detailed, but the romance is not. The lead characters fell in love too fast and too easily, and the hero is a bit too perfect.. Even so, this is a well-written, compelling series with a lot of historical color. I am almost done with the 4 current books and hope this series has many more.
