Customer Reviews

I received this book from a friend after visiting Chicago and falling in love with the city and it's architectural wonders. The pictures are exceptional. The photographer not only captures magnificent shots, he also envelops you in the color saturated tones and contrasts. If your from Chicago, this is a great book to remind you of the great city you're from. If you're not, this is a great book to show you just a glimpse of how enamoring the "second city" can be.
