## Customer Reviews

This is not a street map of Pittsburgh only: 50% of the map is the surrounding area outside Pittsburgh. As a result, streets and text of city incredibly small. Fine if you want to drive around the greater Pittsburgh area, but unhelpful if you want a usable, markable map of the city itself.

This shows the greater SOUTHERN area of Pittsburgh but does not show N, E, or W. It does show Pittsburgh itself, but might be missing some North parts.

Yes, finally a real paper map, just like the old days! Perfect no waiting for the server!!! These maps never let you down!!!

Better than Waze

I had thought it was one of those cool, laminated "Streetwise" type map. It's just a map. Useful if you have time & room to spread it out, not what I was looking for. My fault..

Pittsburgh is the most underrated city in America. You need a good map to get around the metro to appreciate that fact.

It's just not what I need. I need to get a better all-at-once view of Pittsburgh Metro. Have GPS but no vision of where I'm going or have been.

Functional and practical.
