LOVE IT

The guide book gave a broad brush overview of the Lake Tahoe area. But it didn’t cover any area well enough to be very useful on our vacation. It would have been fine for a tourist who might never have been to Tahoe, but it didn’t help us find the true jewels of the area. We did better driving around, reading brochures and the paper.

This book is a great introduction to the Tahoe area. We have a vacation house there and it’s been a good resource. For in-depth information about, for example, hikes it is not the best book. Obviously, though, the authors didn’t and couldn’t be in-depth about all the numerous activities that Tahoe has to offer!
