Synopsis

Hunted In The Undergrowth: Haunted Woods You Should NEVER EnterÃ¢â ¬Â¦Claim Your FREE Books Each Week With This Book! Forests and woods have been around for centuries. Simply look up at the trees themselves Ã¢â ¬â œ notice how round they are, and think about how old they must be. Each of the trees that is reaching high into the sky has been standing in place for hundreds of years, and each one has seen more than you could ever hope toÃ¢â ¬Â¦But have these trees always witnessed good things? Have they always shared the air with things that we would want to know? Are there things they would tell us, but canÃ¢â ¬â„¢t?And that is where this book comes in. I want to take you on a journey through some of the most haunted woods on Earth. I want to show you some of the secrets that have been locked away for centuries, and I want to open the door and shed light on some of the things you have only dreamt about in your nightmares.ItÃ¢â ¬â„¢s okay if you are skeptical, and itÃ¢â ¬â„¢s okay if you arenÃ¢â ¬â„¢t sure that you believe in the spirits of those who have passed and are still wandering on the planet today. By the time you reach the end of this book, you will be certain, and you are going to know without a doubt that there are entities on this planet that are trapped in space.I am going to show you another side to your weekend getaway, and you are going to come out of it with a new perspective on just what happens in the darkness of the forest. You might think you are standing in the middle of peace and quiet, when in fact you may be standing in the middle of the most agonized screams that continue to ring throughout history.HereÃ¢â ¬â„¢s A Preview Of What's In This Book...Haunted Forests: The True Terror Behind Bloody AcresHaunted Forests: The Little Demons of the Pryor MountainsHaunted Forests: The Eternal Prisoners of Freetown State ForestHaunted Forests: The Haunted Child of the WoodsHaunted Forests: The Hidden Haunted Mine ShaftHaunted Forests: The Living Cemeteries of the Smokey MountainsMuch, much more!Scroll Up and Get Your Copy of This Book Today!

Customer Reviews

I usually like Mr Gregory’s books but this one left me waiting for the punch line. While some of the stories were new to me, they all lacked any substance. It reads more like an outline than a story. Maybe the author should spend more time researching his current book than trying to sell his next book.

Interesting, well written & concise. It’s a quick read. I wish that it had given a bit more details about the "hauntings", instead of a quick overview.

I really enjoyed this book. I got chills up my spine several times. A good read.

The only one thing I abhor more than poor spelling and grammar is a dull story...or series of them ian this case. Let me save you some time..."A long time ago something bad happened in these woods and now some say they’re haunted! The end." Each story is pretty much the same. Each filled with vague, descriptions of the alleged haunting and the event or events that MAY have caused it. I’m serious. I just gave you a synopsis of each story in this book. Weak.

Not bad but needs more to the stories than what is there in each tale. As I was reading story I found them interesting but how they ended disappointing. The author needs to give more instead of ending them the way he has.

Maybe one should look at the history of a forest or cave before going there. Guess one cannot decide their own fate.

I liked it. However needs more detail.

Pretty good read, although it is short, which I feel is a big issue in these books.
