Customer Reviews

Great map exactly what I was looking for!

My only complaint about Michelin maps is that they are printed on only one side. Other than that, they make travel planning easy because they are easy to read and have all the detail necessary to determine routes. If you find yourself of a road with grass growing down the middle, you know you have gotten off the Michelin map, because that’s the only kind of road they do not include on their maps!

Detailed, clear map that I am using to identify locations for dozens of Finnish ancestors.

Good map

Very large in size, easy to read, very colorful, and made of strong paper. It is definitely Finland not another country.

Husband wanted map for future trip, just what we needed. Happy with purchase. It is a good map, good map.
