Customer Reviews

Price was right, arrived right on time, and the book is in pretty good shape. The front cover was stained with what looked like drinking glass rings, which being a Sinatra fan I thought was a design choice but a day or two later realized they smudged off with a wet finger. Wasn't a big deal for me to wipe off, which means it wouldn't have been a big deal to do that before shipping. Only real complaint!

The book is a little worn but it is a great companion to the cd box set of the same name. I am very pleased.
