Synopsis

Dictatorship in South America explores the experiences of Brazilian, Argentine and Chilean experience under military rule. Presents a single-volume thematic study that explores experiences with dictatorship as well as their social and historical contexts in Latin America Examines at the ideological and economic crossroads that brought Argentina, Brazil and Chile under the thrall of military dictatorship Draws on recent historiographical currents from Latin America to read these regimes as radically ideological and inherently unstable Makes a close reading of the economic trajectory from dependency to development and democratization and neoliberal reform in language that is accessible to general readers Offers a lively and readable narrative that brings popular perspectives to bear on national histories Selected as a 2014 Outstanding Academic Title by CHOICE

Customer Reviews

interesting comparative book with updated bibliography, i will recommend it for IBO Diploma History course, im a History Argentinian teacher and DP examiner paper 3 Americas

This was an excellent book. Having very little knowledge of South America I found this book very easy to follow. Davila provides enough background information on what was happening in each nation before discussing the dictatorships.

Very good read! Good for those studying the dirty wars in Latin America or South America during the Cold War.
