Synopsis

Clean and Wholesome American mail order bride historical western short story romance.By Bestselling Western Author Katie Wyatt.There were two things that Maria Abrams had always counted on to be the absolute truth in her life: that she would never have to beg for scraps and that Travis Ambrose was, and would forever be, the unquestionable bane of her existence.Maybe she should have been humble, she thought, because not only did she have to beg, but she was now eating her own words and smack in the middle of falling in love with Travis.Ã¢â ¬Å“God, save me,Ã¢â ¬Â• she muttered as he grinned that radiant smile at her from across the street. Her heart beat faster; her palms became clammy, and words were suddenly just stuck in her throatÃ¢â ¬â •she couldnÃ¢â ¬â„¢t even think coherently. If this Ã¢â ¬Â¦ this speechless, palpitating, heart-pounding feeling was love, then, boy, was she at the deep end of it.Ã Â Ã¢â ¬Å“God,Ã¢â ¬Â• she muttered again, blinking as he started striding towards her, wanting to meet him halfway, jump into his arms and just Ã¢â ¬Â¦ be with him. Customer Reviews

A great book. A young lady had just lost her Father who was her everything when everything started to fall apart. A young man who had grown up with the lady was there to help her family out. They were married and he had been trickster always picking on Her because he had a crush on Her. A must read for those who enjoy historical western romance kindle books from at a special price and from a delightful author who keeps me wondering what next for the characters.

The actions are unnatural. The pacing is off. It just doesn't hang together. The author uses a lot of words for which she does not know the meaning.

The author has done a great job of keeping the real heart of the story a mysterious something in the back ground..

I enjoyed reading this book. I hope there is a sequel. I would like to know how many children they had.
