Customer Reviews

"I often lose myself in the Sudoku-like challenges of making a book work." David Mitchell"My secret

vice is Sudoku puzzles. Can't stop playing them. My parents are accountants. I blame them entirely." Lisa Gardner"Okay," I said, hoping I sounded confident, like taking the life force out of ghouls was one of my favorite hobbies, right up there with knitting and sudoku." Rachel Hawkins"I can't travel without Sudoku." Robert Ballard"My wife thinks she's better than me at puzzles. I haven't given in on that one yet." Bill Gates

More challenging than I thought it would be.

I find it very difficult, only able to complete about 50% of the puzzles. A fun challenge, that’s for sure!

I find these puzzles to be satisfyingly challenging to my level of puzzling, which means I erase in the process of solving, but I am able to eventually solve most puzzles. I prefer paper and pencil method of solving sudoku rather than electronic; I find this paper and ink quality allow for erasing errant marks without destroying the puzzle, as in pulp paper cheap books. And I appreciate the symmetry of each prepared puzzle, also not necessarily found in cheap puzzle books.
