Customer Reviews

Praise for THEODORE BOONE:Not since Nancy Drew has a nosy, crime-obsessed kid been so hard to resist. The New York Times Gripping... I would recommend this book to anyone who loves a good mystery. I think everyone will be enthralled by Theodore Boone. Scholastic News There's a new kid on the young fiction block, and this one really does have serious powers: Theodore Boone, half-boy, half-lawyer... fans will be pleased to know there will be more of Theo's adventures to come. Sunday Express Contemporary lit for young readers has its icons: Harry Potter, Percy Jackson, Artemis Fowl. Make way for the new kid on the block. USA Today Nobody does legal fiction better. Daily Express A master of his craft. Guardian Another page-turner that will find favour with Grisham fans and everyone who enjoys unravelling a good mystery. Country News Insert A suspenseful page-turner. Sunday Express --This text refers to an out of print or unavailable edition of this title.

John Grisham is the author of a collection of stories, a work of nonfiction, three sports novels, four

kids' books, and many legal thrillers. His work has been translated into forty-two languages. He lives near Charlottesville, Virginia.

Suddenly, April is MISSING! She VANISHED, overnight! She's thirteen years old, and disfunctional does not begin to describe her family. This night, she was HOME, and she was alone!. Next moprning she was GONE! She was Theo's VERY GOOD friend. Not his 'grlfriend', in the romantic sense, but his FRIEND. And Theo was HER friend, in the same sense. This is actually the SECOND in the series of books about Theodore Boone, Kid Lawyer. It takes us on a midnight ride to a College town where a really bad rock band is playing, loudly, for a Sorority party. How'd we get there? Theo knows! He and Ike (Theo's Uncle) track her down and GO THERE to rescue her. From whom? READ THE BOOK! There is less in my review than for Kid Lawyer, but I did more explanitory stuff there. This is a real PAGE TURNER, too! The town comes to life and the characters come to life, and the story is believable!They (all four books) are for '11 - up' age group. I'm 'UP'. (78) You will NOT regret the purchase! buy them all at once. They run as a serial, although they will stand alone, and do do vary well.

This story is definitely designed for adolescents and is a very good story for that age bracket. For adults it may be a little simplistic, but for adolescents John Grisham has provided a challenge with several built in challenges, as well. For instance, should he call his parents when he decides to leave town in pursuit of the victim's presumed location? That's a major dilemma for a 13 year old. Too many things could go wrong. John Grisham teaches the adolescent reader why parents make rules and how to both respect those rules even when it appears they should be bypassed and how to achieve the higher goal, in this case rescuing the person abducted. Kids have a tough time with decisions that flaunt independence rather than obedience, and Mr. Grisham shows respect for both the responsible parents and the responsible adolescent who may sometimes bend the rules but won't do things that harm anyone, including himself. Good book, great author.

Cant go wrong with John Grisham. I have read every book he has ever written and I have never been disappointed.

Theo is developing into a fine detective which will provide him a solid background for meeting his goals as a lawyer. And on to judge ship . John Grisham has been able to keep the boy and make it believable interesting and a fun. Read.

This is the second in the Young Lawyer series and was every bit as engaging as the first one. John Grisham has written some really thrilling Lawyer books, but this series is more low key while being every bit as engaging! Well done!

Another good installment of Theo Boone and his antics. A nice easy read and some good legal scenarios. Theo is very likable.

My 11 yr old favorite author. She loves this series.

Grisham is just the best. No matter what the subject matter, it is always to my liking. Just don't understand shy the kindle price is still 8.99??
