Synopsis

A new edition of the bestselling short history on New Zealand, updated to include the Helen Clark years, the rise of John Key, the Christchurch earthquakes and the 2011 Rugby World Cup! A lively and accessible history written by one of New ZealandÃ¢â ¬â„¢s most well-known commentators on matters past and present. Succinct and well referenced, this book is the most accessible introduction to New Zealand history currently in print.

Customer Reviews

Whish we were taught this earlier

This book is a very good overview of New Zealand history. It’s easy to read and understand because of the author’s non-academic style of writing. I liked his turn of phrase, in places.Occasional photos add interest. I would have appreciated more maps, though (so I could see where places mentioned in the text are located).A good book to read for a reasonably meaty description of New Zealand history - without either reading something long and dense, or something

light and superficial.
