Customer Reviews

For a used book, published in 1965, its in wonderful condition. I am very pleased for the money spent.As to the content of this book, it covers major events and peoples in the Bible in a very truthful way. For each story, it quotes the book and the chapter of the Bible and enable parents or teachers to read more from the Bible themselves. It also quotes psalms and verses and allows young children to taste the wisdom and beauty of the Bible.As to the pictures.... Wa! That's all I can say. They are vivid and in details.This book is priceless. My grandson love this book above all other story books.

I had this book when I was a child, I remember the pictures and the way it was written. This is what I remember when I remember reading the Bible as a child.When my children were younger I got them a very simplistic "Bible stories" book that we would read at night. I had no idea just how popular that part of the day would become for them. I decided this Christmas to get them a more grown-up Bible

book. After looking at many options this one simply stands out as being most true to the original scripture while presenting itself in an appealing and colorful way as to capture the minds of young children. I look forward to years and years of bedtime Bible reading with this classic.

I had a similar one when I was young. This is perfect for my daughter (8 years old). Stories are easy to follow and the animation is great.

Received a really old copy from the 80's. It was in good shape, but is not what I was expecting.

A very good children's Bible which I friend asked me to order for her.

I bought this for my grandson. It is very nice, pictures clear, and the stories are easy to read. It has a sturdy binding and hardcover which will make it last a long time.

My older kids had this Bible when they were little and I worked at a Christian store. So I bought if for my 5 year old and he LOVES IT!!!

This is a great kids Bible. It is more in depth and more detailed than the little kids beginners Bible version but still written in a way that is easier for kiddos to understand. Also I like the illustrations- they are more realistic rather than being animated. I highly recommend this Bible and am very happy I bought it.
