Ã Â Ã¢â ¬Å“This guide to the eclipse is the definitive handbook for everyone considering Illinois as their viewing location and will help visitors and locals effectively plan and maximize their minutes in the darkness.Ã¢â ¬Â•Ã¢â ¬â •Loren Nelson, Chair of Teton Photography Group

Gives you a good overview of location and what to expect when viewing the eclipse.

It is just full of pertinent information. I love it!

If you are going to see the historical event of a total solar eclipse, you should take a close look at this book. The author provides you with who, what, when where and why you could possibly need for the best experience. It includes locations to view the eclipse in Illinois with detailed information and history about a solar eclipse, where to best to observe and how to capture the event from the pro to the average amateur photographer. He has even provided details for the area from lodging to animals to the weather. If you want to know and experience this event and the where and how to see it in this area, this is the definitive book in a small package.

This book will tell you everything you need to know. From safety to camera settings to background on the event. I am looking forward to this event. It is once in a lifetime event.
