Synopsis

Looking for a course to rapidly improve your German and fit in with your busy lifestyle? Already completed Michel Thomas Total German? Take your German to the next level with this acclaimed Perfect German intermediate course, the perfect follow-on to the Michel Thomas Method Total Course. How does it work?During the course, you will join Michel and two students in a live lesson, learning from both their successes and their mistakes to keep you motivated and involved throughout the course. You, as the learner, become the third student and participate actively in the class. Within the very first hour you will be able to construct complex phrases by listening and thinking out answers for yourself without the pressure of writing or memorizing. You learn through your own language, so there's no stress, and no anxiety. You'll stick with it because you'll love it. Why is the method so successful? The Michel Thomas Method was perfected over 50 years by celebrated psychologist and linguist Michel Thomas. This unique method works with your brain and draws on the principles of instructional psychology. Knowledge is structured and organised so that you assimilate the language easily and don't forget it. The method breaks down the language into building blocks that are introduced sequentially in such a way that you create your response and move on to ever-more-complex sentences. There is no need to stop for homework, additional exercises or vocabulary memorization, so you progress rapidly. What's in the Course?Perfect German with the Michel Thomas Method includes up to 11 hours of audio on CD and a practice CD-ROM with interactive activities and assessment which should be done after the course and as a means of review. It also includes the complete Vocabulary Builder+ 5-hour course. *Note that this course contains the same learning as the previously entitled Advanced course and previous editions of the Perfect Course. The CD-ROM is a new addition. Learn anywhere Don't be tied to chunky books or your computer, Michel Thomas Method audio courses let you learn whenever you want: at home, in your car, or on the move with your MP3 player.Where do I go next?Insider's German phase 2 Michel Thomas course is ideal for intermediate learners looking to improve their conversational German, grammar and vocabulary in authentic contexts.

Michel Thomas (1914-2005) had an amazing life. Born in Poland, he spent his early years in Germany and then in France, where he studied psychology at the Sorbonne in Paris. When war broke out, he fought with the Resistance and suffered imprisonment in labour camps. At the end of the war he joined the US liberation army and later settled in the US where he established his world-famous language school. For more than 50 years he taught languages to the rich and famous and was the world's most sought-after language teacher. After creating several courses of his own, he passed on his method so that other teachers might use it too.

the recording quality is very poor.Especially between the Students. Michel Thomas is very clear. But the students all sound like mickey mouse.

I've recently completed the ENTIRE German course by Michel Thomas. The results are nothing short of incredible!(By the entire course I refer to all 'sub-courses': Start, Total, Perfect, Masterclass).At many points along the way there's a substantial sense of accomplishment. First, when finishing the first 2 hours of the course, you are already familiar with several sentence structures. By the end of the Total course, You reach a point where you have a solid grasp of basic to intermediate sentence structures, and by the end of the Perfect course you get a very firm grasp

of all sentence structures in use, being able to both understand sentences in German, and construct your own, no matter how complex they may be.It took me around 70 hours of listening, spread over 3.5 months to finish the courses, mostly listening to the recordings while driving! By 70 hours I refer to the time I spent on the courses, which includes pausing the recordings, rewinding, etc. No homework was required, no extra work of any kind.Note, as you'll often read in reviews of the method, Michel's accent in the 4 languages he taught was far from native-like. However, this poses little to no problem. This is because he does put an emphasis on pronunciation key points, which, if mastered, allow you to be perfectly understood. To further help with pronunciation, on the segments that focus on vocabulary, you have native German speakers, who read in German the sentences you are asked to translate from English.So, in conclusion, I highly recommend courses by Michel Thomas!
