Customer Reviews

Meta-jokes and quips continue in Iceman issue 2. A new mutant has emerged with ice-dude Bobby going to check things out...along with his ex-girlfriend, Kitty Pryde aka Shadowcat aka leader of the X-men and headmistress of the Prof X school! What does one do in these kinds of situations?Issue 2 brought jokes and some development for Bobby when it comes to regards to his preference along him and Kitty finally having a talk after their bad breakup after the event of "Battle of the Atom". I’m still enjoying this series immensely!

The art was pretty good but the storyline was boring. I was hoping for more than this. Bobby was kind of bratty as well, and punching and knocking out that child mutant which Kitty applauded seemed kind of dumb to me. I was hoping for more from this reboot but it seemed to lack substance.
