Synopsis

Reissued for Spring 2012 to coincide with the anniversary of the sinking of the TITANIC in April 1912.Here is the one book with all of the answers to your questions about the TITANIC! This is the heart-stopping story about the legendary ship--from the building,maiden voyage, and tragic sinking, to its high-tech discovery on the ocean floor. Special features include the making of the James Cameron movie, true-or-falsequizzes, and real-life stories of the young people who sailed on the fateful journey. Illustrated with dozens of paintings, diagrams, and rare photographs.

Customer Reviews

Praise for 882 1/2 Amazing Answers to Your Questions about the Titanic "A fantastic book . . . The 882 1/2 answers in this book truly are amazing - both for the scope of information they cover as well as for the depth of details given." -CM Magazine "For all trivia lovers this is a great book of questions and answers . . . This book is very well done and would prove useful to anyone who has an interest in the topic from young readers through to adults." -Resource Links

Hugh Brewster has written several books for children and young adults. You can visit him at www.hughbrewster.com.Laurie Coulter is a children's book author who specializes in historical nonfiction. She lives with her husband in Toronto. You can learn more about her at

www.lauriecoulter.net.Ken Marschall is a painter who is best known as the world’s foremost creator of Titanic artwork. You can see more of his paintings at www.kenmarschall.com.

My son has recently become infatuated with the Titanic. Anything that makes him want to learn is a win in my book because it means he’ll want to read about it. And until recently, reading was his kryptonite.He requested a few different books about the ship, and I happened to find this one along the way. And I’m so glad I did. It had information in it that he hadn’t yet learned.It’s a good sized book, maybe a bit heavy for a 10 year old to be carrying to school, but chock full of information and a high quality printing.

One of the best titanic books! My 8 year old loves everything titanic and has about every book possible. This was so good. He is an advanced reader so his teacher let’s him bring books from home to read at school and he brought this in and came home telling me so many facts. The book is question answer style with photos. Would recommend to any titanic fan.

This book is very easy to read and has dozens of accompanying photographs and/or drawings. Most "answers" are short, sometimes only a couple of lines; others are longer, couple of paragraphs. Anyone fascinated by the Titanic disaster needs to have this in your Titanic library.

this is a good reference for kids and adults alike. being a titanic history fan, i found that there is a lot of information , technical and otherwise, that anyone interested in the titanic, would find interesting. it has illustrations for those who delight in pictures and it’s a fun reference.

The best, best Titanic book we’ve gotten. My son is almost 8 and he loves fact books, this has had him well entertained. Very informative and tons of photography I had never seen. Highly recommend to anyone wanting to know more about the Titanic!

I love this book so much.

My 9 year old is obsessed with anything and everything pertaining to the Titanic and was spending a lot of time on youtube learning about it. She loves learning facts about what happened, how and why so i thought this would be great for her. When she got it she was screaming and crying because she was so excited. She read the whole book in four days and would come to be with

wowing facts that she was so thrilled to learn. I often still catch her reading it and i still see her little eyes light up with amazement while doing so. I am so glad i bought this for her. If you are interested in learning about the everything pertaining to The Titanic you should not pass up on this book.

my little 8 year old titanic expert loves this. constant quizzes about titanic. . . . . if she is ever on jeopardy and that is the topic, watch out!
