Synopsis

TIME for Kids The BIG Book of Why: People and Places answers the why, what, when, where, who and how questions about people and places in history that kids commonly ask, but adults can rarely answer. Why did the Maya build pyramids? Did Vikings really have horns on their helmets? Why did Christopher Columbus sail to America? Why did the Titanic sink? Why is the London Bridge in Arizona? Written in an upbeat manner, each answer is accompanied by either a photo or an illustration to show the reasons why. Of course, TIME For Kids goes beyond answering the question, and dips into the science or history to further explain the answer in an easy-to-follow, straightforward manner.TIME for Kids The BIG Book of Why: People and Places is a must-have book to satisfy the most curious of kids.

Customer Reviews

Books arrived timely. Purchased two paperbacks for 2nd-grade students whom I tutored in Reading. This along with a reading book was their end of year gifts. Thought they might enjoy learning some fun facts during the summer. Also, purchased one to use as a game with my granddaughter when she comes to visit. Plan to buy Kindle versions of other books in the series.

my daughter and niece are bookworms. they loved it. I even got one for the car, so the kids can read stuff to us, in route to somewhere. it keeps them off their phones, interested in reading and gives us family time too.

My son found this book very interesting. He learned a lot by reading it, and he actually enjoyed learning.

Liked by ten-year old boy!

My kids find this book very interesting for learning little facts about the world. Very child friendly.

My students love this book collection. Everytime it is reading time they grab all of these!
