Customer Reviews

This practical guide to stenciling and stamping gives well-written, easy to follow instructions and many examples to use in creating crafts for whatever your taste in decor.

Annie Sloan Decorative Stenciling & Stamping is a nicely illustrated. The information is useful for intermediate to advanced artist. I would not recommend it for people with limited stenciling experienced.

Annie Sloan’s books (I purchased 6) are all beautifully illustrated and have very clear concise directions for an amateur do-it-yourselfer. I loved every single one of these books and the projects I’ve done through the use of these books have come out very well. I am very pleased and highly recommend them. These books are for beginners as well as experienced DIYers.

Very detailed and practical guide. Lovely photos. Very inspiring.

This 1997 edition Book was perfect and like new- actually is new! Saved a bundle over purchasing

at a pricey Annie Sloan "stockist". Just what I needed to add some special designer touches to my ASCP projects. Glad I ordered it.
