Synopsis

From the best-selling author of The Cheese Course comes a new guide to enjoying one of the most basic yet sophisticated culinary delights: cheese and wine. Janet Fletcher leads readers on an international tour of 70 cheeses,exploring the best wine pairings and serving suggestions. From Oregon’s autumnal Rogue River Blue to aromatic Brind’Amour evocative of the Corsican countryside, cheese lovers will savor the range of textures, flavors, and colors. Featuring mouth-watering color photography and detailed, informative text, this collection of cheeses and the wines that go with them will inspire perfect pairings.

Customer Reviews

"This book offers a profile of 70 cheeses, from Spanish Mahon to dry Monterey Jack, and each includes wines that would pair well with them. It’s simple, easy to use and informative." &mdashSan Antonio Express-News, December 12, 2007

Janet Fletcher is a food columnist for the San Francisco Chronicle and author of several Chronicle Books cookbooks.Victoria Pearson’s photographs have been featured in Party Appetizers, Ice Creams & Sorbets, and Dinner Parties.

I really wanted to like this book. It has a detailed analysis of each cheese but is severely lacking information on creating a cheese platter. It has an amazing amount of information on a cheese with

a wine (but some entries directly contradict my cheese store's handouts). It just doesn't offer enough about what other pairings such as fruits, nuts and which cheeses go well together. Would have appreciated a type of board, layout guide, etc.

A wine club reference book. Excellent suggestions and cross references. We gave as a gift for a drawing. Wish I had another.

This is a great coffee table book with great suggestions for wine and cheese events. Whether it is your stress relief hobby on weekends or days off, or for guests. I used it as part of a themed gift for fathers day for my husband who recently became interested in wines. He loves cheese and the combination while watching games on weekends. I was planning just a cheese basket with cutting board etc... But found this and thought it was an ideal way to get him to truly appreciate the experience of wine and cheese. One of those things you would never buy for yourself, but neat to have if you are into wine and cheese.

Wonderful guide to pairing cheeses and wines. The cheese narratives are thorough and interesting ... and the photography is simply stunning. The author also offers some very helpful suggestion lists for combining wines and cheeses. Makes me want to throw and wine and cheese party!

Both cheese and wine are delicious and the combination is something out of Aladdin! Only improvement would be a larger section at the beginning of the book going into a bit more detail of what pairs well with what and why.

Great images and lots of information. One of my favorite books!

If you're a cheese lover,or foodie you'll enjoy this book and the pictures within. It makes a great coffee table book or gift. I saw it in a specialty cheese shop but the price was better no .

excellent product and quick delivery.
