Customer Reviews

This is an excellent book! This book has explained perfectly what’s happening with money today. Which are only facts and might happen in the future. It has explained what we should do in times of trouble, The problem of the economic crisis is always current, so it is best to know how to behave if it happens. The author;s working experience and knowledge on the subject of the monetary mechanism will astound the average reader, anger the insiders who have profited from their participating in the schemes and serve as a primer to the person that has never considered the subject before. Author is very knowledgeable and comes across with accurate information on the

state of the economy.

This was a great guide on Economics and all about Money and currency and how it flows and how it’s important for the economy to grow. It was also discussed how to start a side business and how to positive about it. Honestly, I also like the second book of this bundle which is about surviving, finding food and foraging. It discusses how living a simple life such as that can be good for you and going back to basics essentially. You basically escape the modernism of our lives right now and if its your lifestyle choice this is probably a good guide for you.

This is so great book that will help you prepared whenever there is economic collapse. This book will make you aware about the currency war and give you an idea for you personalized action plan. Higly recommneded.

Always good to know what to do in a next financial crisis. This books tells you how to prepare for it and how to even strive when the bad times are coming

Disappointing. This is not really a book-itÃƒÂ¢Ã â ¬Ã â„¢s a booklet. Seventy-four pages, large margins and font, some pages with only 4 or 5 lines of print. It takes only about 30 minutes to read. I was hoping to learn more about our financial system; the Fed, the US Treasury, fiscal and monetary policy, etc. If youÃƒÂ¢Ã â ¬Ã â„¢ve read an issue or three of any financial magazine, you already know far more than this grade-school level booklet conveys. Lastly, the author couldnÃƒÂ¢Ã â ¬Ã â„¢t even bother to proof-read his front cover. It states ÃƒÂ¢Ã â ¬Ã Å“Currency Wars and The Money ÃƒÂ¢Ã â ¬Ã ËœBoubleÃƒÂ¢Ã â ¬Ã Â¦ÃƒÂ¢Ã â ¬Ã â„¢,ÃƒÂ¢Ã â ¬Ã Â• -misspelling the word ÃƒÂ¢Ã â ¬Ã Ëœebubble ÃƒÂ¢Ã â ¬Ã â„¢. DonÃƒÂ¢Ã â ¬Ã â„¢t bother.

Awful. Rehash of what should be for most folks, common sense. Nothing learned. Don’t waste your money.

The book was way overpriced for the content!

Rehashed generalities.Glad it was free-or I would have wanted my money back.
