My 7 year old son is obsessed with the Titanic & his favorite books are Magic Tree House so this was a no brainer for me! He is able to read it on his own for the most part only needed occasional help with a few words. It’s the same length as the other MTH books. It has fun facts as well as some good pictures. Overall a great book & purchase!

The Magic Tree House fact Tracker #7: Titanic was a wonderful Christmas gift this year for my 9 year grand-daughter.We all shared watching the actual movie of "The Titanic", and she loved it. Her words were "Awesome".So,.. I sent this to her for Christmas. Mom and Dad said that she loves it, and picks the book up a lot.She took it to school for show and tell. These Magic Tree House books are wonderful.It is so great for children to enjoy reading books,.. and especially this time, after seeing the movie,..she was thrilledto get this for Christmas. A great gift.

The grandchildren enjoy the Magic Tree House series

Bought it for children but it was too advanced

I ordered this book for my granddaughter because she is fascinated by the Titanic. She also loves the treehouse books and her research guides are her favorite. This gives a lot of information that she did not know. It helps her be excited about nonfiction reading.

My granddaughter loves this book! She loves all subjects 'Titanic' related and this book gave her so much information.

My 6-yr-old grandson is obsessed with the Titanic! After opening at Christmas, the entire family gathered to watch this amazing video as he couldn't wait to see it. This wasn't something we sat through to "indulge" him as we all thoroughly enjoyed it. I was impressed with all the details. He sat mesmerized and already knew the names of each of the subs used to get a closer view of the wreckage. This is something he will watch many times and from which he will continue to learn. Thanks for making this available.

This was my grandson's first fact tracker book and it was a great read. He was very interested in the story of the Titanic and this book kept his 7 year old attention throughout the entire reading. We read the book together and thoroughly enjoyed it!
